

EVO

Heavy Duty Cash Drawer

This narrow-footprint drawer has a full sized till with innovative springless bill weights, making it the perfect choice for minimal space and maximal performance. The bill weights have the dynamic snap back expected of a heavy duty unit, without the vulnerable springs of other tills.

This high volume cash drawer has extended steel ball-bearing slides with 30 bearings per side, and is proven beyond 4 million cycles. The small footprint and thick gauge cold-rolled steel case with black powder coat finish make this a sleek, durable, and efficient cash drawer for the heaviest of retail or restaurant environments. The EVO Cash Drawer is compatible with multiple printer brands, including POS-X, Epson, Citizen, Ithaca and Star, to name a few.

Key Features
